100-4-0408

9 May 1951

Chief, 200th Liaison Section

Chief of Station, Berlin

Operational

British Army Field Construction  
Unit in the Soviet Zone

Reference: 100-4-0408, 0408, 0408, 100-4-0408

1. The attached report was submitted to us by 100-4-0408 on 22 April 1951, a study provided and completely unrelated source. In order to form an estimate of the potential usefulness in the Berlin Field, we urgently require an evaluation of the information to be furnished us.

2. We are particularly alarmed about the inherent probability of information contained in pages 1 and 2, 0408. Before then passing the information to 10, 100-4-0408, we would therefore prefer that you pass it on in subsequent date.
